SOFTWARE 1993 INDEX

COVER STORY

TITLE	AUTHOR	ISSUE	PAGE
Compaq's Help Desk Smart about Cases	Bruce Arnold	Jan.	56
Legent Stays Focused on System Management	Mike Bucken	Feb.	85
Gupta Carving Niche in PC LAN Development	John Desmond	March	118
NewVector Combines Strengths of MVS, Unix Staff	Mike Bucken	April	74
Controversy, Theater Serve Platinum's 'Flip'	John Desmond	May	114
General Mills Stays Fit with EDI Diet	Colleen Frye	June	95
Top 100 Independent Software Vendors		July	75
"That Lady in Toronto" Pushes IBM's DB2/6000	John Desmond	Aug.	96
Borland Climbing Out on Client/Server Limb	Elizabeth U. Harding	Sept.	106
Blobs Curb Paper Chase at Capitol American	Mike Bucken	Oct.	82
4D Takes on Giants of Systems Software	Elizabeth U. Harding	Nov.	94
Boston Edison Improves Software Development	Mike Bucken	Dec.	50

SOFTWARE DEVELOPMENT

TITLE	AUTHOR	ISSUE	PAGE
Cross-Platform Offers Code Solution	Jessica Keyes	Jan.	43
GUIs Pose Challenge to Software Testers	Mary Hanna	Feb.	35
Messaging Format Talk of the Tools	George Lawton	March	55
Maintenance Burden Begging for Remedy	Mary Hanna	April	53
4GLs Keeping Current with New Technology	Lori Weitz	May	45
U.S. Market Seeing Repository Rebirth	Adrienne Tannenbaum	June	43
Can Case Bridge to Object World?	Mary Hanna	July	41
Programmers Pursue Change Control	John Vacca	Aug.	41
Reengineering Aims for Legacy Salvation	Mary Hanna	Sept.	41
Mainframe Trying to Find Case Place	Jessica Keyes	Oct.	41
Clean Layering Aims to Liberate Systems	Jim Johnson	Nov.	45
Attention to Process Ups Software Quality	Mary Hanna	Dec.	43

ENTERPRISE SYSTEMS AND NETWORKING

TITLE	AUTHOR	ISSUE	PAGE
Expert System Tools Optimizing Help Desks	Bruce Arnold	Jan.	56
New Technology Bares Performance Pitfalls	Janet Butler	Feb.	49
Moses Leads the Way to Open Requirements	John Desmond	March	67
Can Mainframers Go to Glass House Unix?	Janet Butler	April	65
Automation Stretches Mainframe Capacity	Janet Butler	May	59
Improve Recovery Through Plan Rehearsals	John Vacca	June	65
Middleware Needed to Plug C/S Holes	Janet Butler	July	55
Mixed Systems Need Controls	Barbara Bochenski	Aug.	57
Dasd Administrators Looking to Automate	Paul Korzeniowski	Sept.	55
Network Management Gets Service Focus	Janet Butler	Oct.	55
Tapping a Gold Mine of Software Assets	John Vacca	Nov.	57
Mission-Critical Apps Push LANs into IS Fold	Janet Butler	Dec.	57

DBMS

TITLE	AUTHOR	ISSUE	PAGE
Protecting Integrity of Distributed Data	George Lawton	Jan.	71
Unix Platform Tuning Accents RDBMS or OS	Emily Leinfuss	Feb.	63

DBMS

TITLE	AUTHOR	ISSUE	PAGE
Protecting Integrity of Distributed Data	George Lawton	Jan.	71
Unix Platform Tuning Accents RDBMS or OS	Emily Leinfuss	Feb.	63

What Price to Pay for Database Access?	Jack E. Gold	March	81
Employees Empowered by Direct Access HRMS	Emily Leinfuss	April	83
DSS, OLTP Clash Over Performance	Emily Leinfuss	May	77
Users Seek Single Key to Enterprise Kingdom	Barbara Francett	June	76
Business Community Primes for Parallel	Barbara Francett	July	63
Business Needs Guide All or Nothing 2PC Use	Barbara Francett	Aug.	65
Objects Seek Place in Database World	Emily Leinfuss	Sept.	75
RDBMS Support Helps Blobs Find Niche	Barbara Francett	Oct.	77
IBM's DRDA Paves Way to Interoperability	Barbara Francett	Nov.	69
Downsized Financial Apps Challenge DBMS	Janet Butler	Dec.	77

CLIENT/SERVER COMPUTING

TITLE	AUTHOR	ISSUE	PAGE
Many Different Paths to Get to Downsizing	Paul Korzeniowski	Jan.	81
Workflow Software Automates Processes	Paul Korzeniowski	Feb.	73
Help Desk Suppliers Vie for PC/LAN Users	Paul Korzeniowski	March	97
Replication Gains in Distributed DBMS	Paul Korzeniowski	April	93
GIS Software Getting Business Data on Map	Paul Korzeniowski	May	96
No Consensus on Dividing Client, Server	Paul Korzeniowski	June	87
Accounting Platform Slow in Shaping Up	Paul Korzeniowski	Aug.	77
LAN Auditing Easing Management Chores	Paul Korzeniowski	Sept.	85
Unix Backup Tools Moving to Forefront	Paul Korzeniowski	Oct.	91
Distribution Packages Improve Supply Chain	Paul Korzeniowski	Nov.	75
Tools for Harnessing Speedy Nets Scarce	Paul Korzeniowski	Dec.	91

OPEN SYSTEMS

TITLE	AUTHOR	ISSUE	PAGE
Reusability Promise Hinges on Libraries	Jack E. Gold	Jan.	86
Bridging Gap Between Open, Legacy Systems	Jim Johnson	March	107
Wireless Links Loom on Horizon	Jerry Cashin	April	99
Operating Systems Moving to Microkernel	Jim Johnson	May	105
TP Monitors Play a Distributed Role	Jim Johnson	Aug.	85
Benchmarks Help with Server Platform Buys	Jim Johnson and Jim Gray	Sept.	93
Portability Priorities Drive Developer Picks	Emily Leinfuss	Oct.	103
Unix Implementations Seek Commonality	John Vacca	Nov.	84
E-mail Systems Need Messaging Backbone	Emily Leinfuss	Dec.	101

CLIENT/SERVER COMPUTING 1993 INDEX

COVER STORY

TITLE	AUTHOR	ISSUE	PAGE
Foxboro Co. Transforms Standards Vision to Reality	Damian Rinaldi	Jan.	55
PeopleSoft Delivers New Age Application Architecture	John Desmond	March	55
Powersoft Gearing up Development to Defend Early Lead	Mike Bucken	May	23
Team Focus Drives Hewitt's IT Investment	Damian Rinaldi	July	55
BSG Consulting Helps Leverage Client/Server Technologies	Damian Rinaldi	Sept.	74
PG&E Extending World-class Customer Service	Damian Rinaldi	Nov.	76

DEVELOPMENT

TITLE	AUTHOR	ISSUE	PAGE
Managing Class Libraries Takes Discipline	Emily Leinfuss	Jan.	15
GUI Tools Require Application Portability Tradeoffs	Emily Leinfuss	March	15
Better Support for Teams Emerging Slowly	John Desmond and Damian Rinaldi	May	15
Simulation Aims to Predict Software Performance	Jack E. Gold	July	15
Client/Server Developers Give Case Another Look	Paul Korzeniowski	Sept.	15
Developers Find OO Gains Outweigh Learning Curve	Mitch Kramer	Nov.	23

NETWORK ADMINISTRATION/MIDDLEWARE

TITLE	AUTHOR	ISSUE	PAGE
Merging Hub/Router Simplifies Network Chores	Paul Korzeniowski	Jan.	23
Distributed World Creates New Backup Challenges	Damian Rinaldi	March	26
Monitors Provide Early Warning Systems	Eric Smalley	May	31
Remote Users Reach for the Outer Network	Alan Radding	July	21
Software Updates Challenge Electronic Distribution Tools	Alan Radding	Sept.	31
Single Sign-on Technology Streamlines Network Access	John Edwards	Nov.	35

LEGACY DATA INTEGRATION

TITLE	AUTHOR	ISSUE	PAGE
Five Types of Tools Get Data from Legacy Systems	Alan Radding	Jan.	31
NetWare Loadable Module DBMSs Sparking Debate	Paul Korzeniowski	March	37
Object to Relational Gateways Provide Limited Access	Paul Korzeniowski	May	41
Replication Synchronizes Distributed Databases over Time	Emily Leinfuss	July	31
Unix DBMS Server Selection Driven by Application Needs	Damian Rinaldi	Sept.	43
EIS Vendors Looking Beyond the Corner Office User	Paul Korzeniowski	Nov.	45

PLATFORMS

TITLE	AUTHOR	ISSUE	PAGE
LAN OS Platform Finding Skeptics in MIS	Eric Smalley	Jan.	42
32-bit OS Suppliers Prepare for Battle over Server	Alan Radding	March	43
Spreadsheets Offer Alternative Development Environment	Damian Rinaldi	May	51
Mac Moving out of Graphics Ghetto	Herman Mehling	Sept.	46
Multiple Server OS Options Leading to Hybrid Shops	Alan Radding	Nov.	63

NETWORKED APPLICATIONS

TITLE	AUTHOR	ISSUE	PAGE
API Wars Stifle Growth of Mail-enabled Applications	Colleen Frye	Jan.	48
Financial Applications Empowering Non-techies	Jack E. Gold	March	51
New Project Tools Offer Host-class Function for LANs	Lori Weitz	May	61
Workgroup Software Emerges for Business Applications	Paul Korzeniowski	July	43
Automation Integrating Phases of Sales Cycle	Colleen Frye	Sept.	61
HR Apps Outpace Client/Server Architecture	Emily Leinfuss	Nov.	71
